Dear Parent or Guardian:

It is the goal of COSLA to employ *Highly Qualified* teachers and staff who will provide the best possible education for your child. A *Highly Qualified* teacher has a license from the state in his/her core subject area, holds at least a bachelor's degree, and demonstrates competence in their subject area.

The *No Child Left Behind* Act requires every teacher to achieve *Highly Qualified* status. All of our teachers have reached those goals and for those who have not, we will inform you so that you are aware of the credentials they do hold. Always know... it is your right to request the qualifications of your child's teacher.

If you have any further questions about your teacher or the process, please feel free to contact Ms. Willett, our Academic Director, at the number below.

Sincerely,

Sheri Catron Cooper, Executive Director/Principal

COSLA Board Of Directors
